Dear Dr. Enstrom:

Your participation as a founding member of the Dean's Council will always be recognized with deep appreciation by the School of Public Health. As you know, the funds contributed by the Council are used at the discretion of the Dean to support students and faculty needs beyond those provided by limited categorical grants.

As the new academic year moves forward, we are asking for your 1977-78 contribution to continue this valued program. As you know, this gift is tax deductible.

We are planning a Dean's Council dinner early in 1978, and your donation of \$100 or more includes your invitation to the dinner. We are looking forward to meeting with you and our other friends and alumni of the UCLA School of Public Health.

Sincerely yours,

Raymond D. Goodman, M.D., M.P.H.
Chairman, Dean's Council
