Nobel Laureate Melvin Schwartz (trained by Nobel Laureate Jack Steinberger)—note MS statement about unbounded optimism and using one's mind for the betterment of mankind

http://www.nobelprize.org/nobel_prizes/physics/laureates/1988/schwartz-bio.html

Nobel Laureate Jack Steinberger (trained by Nobel Laureate Enrico Fermi)--this biography describes how JS had to overcome great obstacles before he was able to become a great scientist

http://www.nobelprize.org/nobel_prizes/physics/laureates/1988/steinberger-bio.html

Nobel Laureate Enrico Fermi--widely considered to be the greatest combined theoretical and experimental physicist

http://www.nobelprize.org/nobel_prizes/physics/laureates/1938/index.html

August 2, 1939 Albert Einstein Letter to President Franklin D. Roosevelt--Enrico Fermi is the first person named by Einstein in this letter

http://en.wikipedia.org/wiki/Einstein%E2%80%9393Szil%C3%A1rd_letter

Enrico Fermi led the team that designed and built [Chicago Pile-1](#), that went [critical](#) on December 2, 1942, demonstrating the first artificial self-sustaining [nuclear chain reaction](#). Many people believe that this discovery made it possible for the US to defeat Germany and Japan in WW II.
