Re: *Cease & Desist Contact With American Cancer Society*

Dear Dr. Enstrom:

As you know, Holland & Knight is legal counsel to the American Cancer Society (“ACS”). Kindly direct any and all future communications to my attention. I have instructed ACS to not respond to any emails, telephone calls or letters from you.

I am saddened that legal intervention has become necessary once more. Your repeated communications are causing ACS to spend unnecessary time away from its mission. ACS simply cannot assist you. We ask that you respect ACS’s position and efforts to protect its scientists from distraction while they work tirelessly towards ending cancer as we know it.

Please cease and desist any efforts to contact ACS’s employees. In any event, ACS will not be responding to any further communications from you.

Sincerely,
HOLLAND & KNIGHT LLP
