Dear Professor Hastie,

I am writing regarding Xiao Wu, PhD, Stanford Postdoctoral Scholar in Statistics (<https://profiles.stanford.edu/271313>). You are listed as his Postdoctoral Faculty Sponsor. For over two months, Dr. Wu has refused to respond to my February 2, 2022 email message to him (<http://www.scientificintegrityinstitute.org/JEEWu020222.pdf>). I need to discuss with him my evidence that he has engaged in several forms of research misconduct that have profound implications for the integrity of epidemiology, statistics, and regulatory policy in the US. Thus, I request your assistance in getting Dr. Wu to respond to me. Please let me know if you want more details on the importance of my request.

Thank you very much for your consideration and assistance.

Sincerely yours,

James E. Enstrom, PhD, MPH, FFACE  
Retired UCLA Research Professor (Epidemiology)  
President, Scientific Integrity Institute
