Dear Chairman Neandross,

I request that you ask Joseph K. Lyou, Ph.D., to immediately resign from the South Coast Air Quality Management District Governing Board (SCAQMD) Governing Board because he has violated the specified criteria for a legal appointment and because he has extreme conflicts of interest due to his position as President and CEO of the Coalition for Clean Air.

Strong evidence supporting the validity and importance of this request is presented in the attached July 19, 2013 statements to SCAQMD by me and UCLA Professor Matthew A. Malkan. Additional enclosed evidence describes severe problems that exist regarding SCAQMD, CARB, and EPA and their scientifically unjustified regulations that are adversely impacting Southern California and all of California.

Thank you very much for your prompt attention to this request.

Sincerely yours,

James E. Enstrom, Ph.D., M.P.H.
