Dear Dr. Enstrom:

Perhaps the most efficient way to obtain the information you seek is to request that Dr. Daniel Krewski of the University of Ottawa, who conducted the Reanalysis, provide it. I believe that he has provided this specific information to other scientists on at least one earlier occasion.

Here is his contact information:

phone: 613-562-5379/5381/5660  
FAX: 613-562-5380  
email: dkrewski@uottawa.ca

Please let me know if I can be of further assistance.

Best regards,

Aaron
